

Older People & Human Rights Project

Human Rights seek to ensure that everyone is treated with **Fairness**, **Respect**, **Equality**, **Dignity** and **Autonomy** in their lives.

The project aims to **Empower Older People** to understand more about their rights and how they can use this knowledge to strengthen their voice and influence service providers and decision makers.

JOIN US on 17th December 2009
Town Hall, Stockport 11am - 4pm
